MEMORANDUM FOR: MR. DAVID K. BRUCE
MR. WILLIAM C. FOSTER
GENERAL WALTER B. SMITH

SUBJECT: Doctrinal Warfare Against the USSR

1. In our meeting of 3 July 1952, I proposed informally that a program of ideological warfare be established. At that time the question of scope and definition was raised and you asked that I clarify the problem. The attached statement of the problem with recommendations, PSB D-33, has been developed to meet this request.

2. This document has been prepared by the staff of PSB in consultation with Admiral Leslie C. Stevens and various members of the working levels of the departments and agencies.

3. It is requested that this paper be studied with a view to discussing it at the next scheduled Board meeting.
